Rotolo's Brand Allergen Statement

Rotolo's, its franchisees, and employees do not assume responsibility for a particular sensitivity or allergy to any food product provided in any Rotolo's Pizzeria or Rotolo's Craft & Crust.

Rotolo's has identified ingredients from the 8 Major Allergen categories that may cause allergic reactions for those with food allergies. We have provided information to educate our staff on the severity of food allergens and attempted to reduce the exposure of crosscontact. Regardless of this reduction, allergens are present in the environment and there is a potential risk of cross-contamination. Rotolo's is not an allergen free facility. If you have a food allergy to any of the ingredients, please keep this allergen information in mind when ordering from our menu.

Cross-contact may occur during food preparation and storage. Variations may occur due to a temporary change in suppliers or ingredient substitutions. Our allergen chart is based on our standard recipes with information from our suppliers and manufacturers. Our chart has been researched and reviewed by a thirdparty nutritional company. The information provided was produced in November of 2019. To be sure you have the most up-to-date allergen information, please visit www.rotolos.com
